

## Local Talent Global Outlook

22 years in business  
Exporting to 30 countries

“Waste reduction and recycling isn’t just our business, it’s our way of life”

# RELIABLE, EFFICIENT, INNOVATIVE WASTE BALERS

Our world view is simple: manage our waste better, make our world better. That's why we've dedicated the last two decades to innovating and engineering the most reliable and efficient waste balers available, so we can help our customers better manage their waste compaction, disposal and recycling.

All LSM machines are designed and manufactured at our cutting-edge facility in Portlaoise, Ireland, where we can customise individual machines as well as large waste solutions for our global customers. With our focus firmly on reliability, efficiency and innovation, and with 22 years of experience behind us, we work closely as a team to endeavor to make the world's best balers.

## Why become a part of Team LSM?

- **LOCAL COMPANY 1 KM FROM PORTLAOISE EMPLOYING OVER 40 PEOPLE FROM DIFFERENT COUNTRIES**

Current team from Ireland, UK, Bulgaria, Latvia, Lithuania and South Africa

- **22 YEARS IN BUSINESS**

In 1997 we started with 2 employees and have grown the business to over 40 people from the ground up and through the crisis of 2008

- **EXPORTING TO OVER 30 COUNTRIES**

Every week machines leave our factory for various countries around the world. This week we have machines leaving for UK, Norway, Spain and Chile.

- **THE ENVIRONMENT IS OUR FUTURE "OUR FUTURE IS NOW"**

Our World is heating up and Global warming is upon us. Recycling, reusing and reducing transport movement in return reduces our carbon footprint. Our balers are here to improve OUR FUTURE. Why not be part of it.

- **OUR ROAD TO THE FUTURE**

Long term sustainable growth plan to increase exports outside Ireland and the UK. Investing in current facility and workforce upskilling.

- **TEAM BENEFITS**

No commuting, competitive employment packages, team training and development. Long-term stability.

# Opportunities at LSM

Thank you for taking the time to visit our stand at the Jobs Fair in Portlaoise which was greatly organized by our local Chamber of Commerce. Below you will see the positions we have available at our company and would love to hear from you.

Kind Regards

*John Cummins*
